Please sketch out your proposed kitchen space (don't worry, it doesn't have to be perfect)

You do not need to have exact cabinetry placement at this time, just a general idea. We'll work with you on that when we meet to work on layout. We just need the room dimensions including any windows, doorways or other features that define the space (stairwell, fireplace, vents or ducts, skylights, cabinetry or furnishings you wish to leave in place)

Please note overall dimensions to the nearest inch.
